

Title: THREE TO GET READY **Level:** Intermediate

Key Concept: Meter 2 vs 3

Objective: Performing and comparing
 3 and 4 beat measures using mixed meter

Materials: CD Dave Brubeck *Three to get ready* from *Time Out*

Process: Have students find a partner and create a
 3 beat and a 4 beat hand jive pattern that includes their
 partner. Try to have the patterns dissimilar
 so they don't confuse the two
 Students will perform the 3 beat pattern twice
 then the 4 beat pattern twice (3344)
 Students should be able to perform this pattern
 at a medium fast tempo
 Have students perform their hand jives with
 "Three to get Ready" by Dave Brubeck
 There are 12 measures of 3 before the mix meter begins

To really challenge the students try having them trade patterns with
another group or performing two jives sets one after the other.

Evaluation: Teacher Observation
